

## THE PROGRAM

The John Carroll Young Writers Workshop (for students grades 8-12) will take place on July 25 - 29, 2022, on the campus of John Carroll University, directed by award-winning creative writing faculty from John Carroll University.

This year, we're offering both day camp and overnight options.

Students participate in a rigorous and inspiring program that provides an introduction to the art and craft of poetry and short fiction. In morning and afternoon sessions, students study with acclaimed writers, engaging in writing-intensive exercises designed to address the elements of craft. They participate in lively workshop sessions in which they discuss each other's work to spur revision. Over the week, students have individual conferences with Dr. Philip Metres about their writing, and then submit writing for the YWW anthology, published on the final day of the camp. Families are welcome to attend the final reception and reading.
